

EVERTON R-III AMI PACKETS

2023-2024

AMI EXPECTATIONS

- Hard copy AMI packets were provided by teachers. These packets include learning activities and any information or instructions necessary to complete the activities.
- This Google Slide presentation contains links to digital copies of each teacher's AMI packet that can be printed off or copied on a separate sheet of paper to replace a missing packet.
- Elementary students should expect an AMI packet containing activities from each core subject (Math, English/Language Arts, Science, and Social Studies).
- JH/HS students should expect an AMI learning activity from each of their teachers.
- Learning activities will focus on reinforcing skills students have already learned or supplement their learning experience. They will not include new learning or assessments.
- Students are expected to complete the assigned AMI packets and return them to their teachers once school has resumed.
- Parents should check in with students on AMI days to ensure that the work is completed.
- Teachers will be available for assistance through email during school hours.
- **Student attendance is determined by assignment completion. Students who do not complete and submit AMI assignments will be marked absent for the related day.**
